VANDELAY TECHNOLOGIES ENTERS INTO A CONSULTING SERVICES AGREEMENT WITH E-COM DEFENSE

Gaithersburg, Maryland, July 1, 2001 - Vandelay Technologies (VT), a leading provider of information technology services, today announced it was awarded a contract to provide programming and support services to E-Com Defense (ECD).

The VT team will help support ECD's security product efforts. VT will provide application and device driver development services. ECD hopes to market these products to several commercial and government customers.

VT Program Manager Steven Stein said "VT is ready to support ECD as needed. We are very excited to be working with E-Com Defense on their security products. The project should be very challenging and will put our knowledge to good use."

Vandelay Technologies provides information technology services and products to government and commercial clients. The company specializes in systems engineering, integration and network systems, Internet/intranet/extranet access and services. The company is headquartered in Gaithersburg, Maryland. Additional information about Vandelay Technologies is available on the Internet at www.vandelaytech.com, by e-mail at info@vandelaytech.com, or by calling (301) 762-2540.
